Expanded Launchers

Modification.

The battery armament for your front hull zone is increased by 2 black dice.

8

Assault Concussion Missiles

Black : Exhaust this card. Each hull zone adjacent to the defending hull zone suffers 1 damage.

5

Clone Gunners

Clone only.

: You may discard 1 token assigned to another friendly ship at distance 1-5 of the defender. If you do, add 1 blue die set to the ♻ icon to your attack pool.

4

Thermal Shields

Medium or large ship only.

While defending, after the attacker gathers dice, you may spend 1 token. If you do, choose and remove half of the dice in the attack pool, rounded down.

5

•Anakin Skywalker

While a friendly ship is attacking a ship, if the defender is at distance 1-5 of at least 2 other friendly ships, 1 other friendly ship at distance 1-5 of the defender may spend 1 defense token. If it does, the attacker may reroll up to 3 dice.

27

Turbolaser Reroute Circuits

While attacking, you may exhaust this card and spend 1 defense token to change 1 red die to a face with a icon or 2 icons.

7

Damage Control Officer

When you resolve the defense effect, you can prevent the attacker from resolving any critical effects.

When you resolve the defense effect, you may exhaust this card to reduce damage cards dealt during this attack by 1.

4

Damage Control Officer

When you resolve the defense effect, you can prevent the attacker from resolving any critical effects.

When you resolve the defense effect, you may exhaust this card to reduce damage cards dealt during this attack by 1.

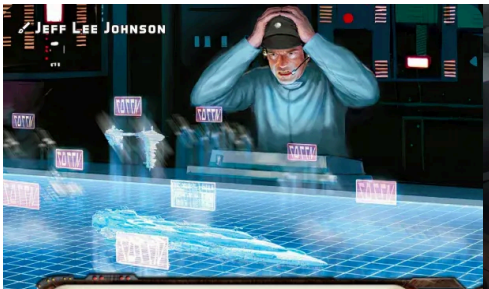

4

Turbolaser Reroute Circuits

While attacking, you may exhaust this card and spend 1 defense token to change 1 red die to a face with a icon or 2 icons.

7

Electronic Countermeasures

While defending, you may exhaust this card to spend 1 defense token that your opponent targeted with an ♻ result.

1

7

Parts Resupply

After your Reveal Command Dial step, you may exhaust this card and discard any number of ❍ tokens from it to choose that many friendly ships at distance 1-5. Assign each chosen ship a ❍ token.

5

1

3

Projection Experts

❍: You may spend up to 2 engineering points to move that many shields from your ship to a friendly ship at distance 1-5.

6

Thermal Shields

Medium or large ship only.

While defending, after the attacker gathers dice, you may spend 1 ◐ token. If you do, choose and remove half of the dice in the attack pool, rounded down.

5

•Implacable

Before a friendly ship or squadron at distance 1-2 suffers damage from an attack, you may exhaust this card and spend up to 2 shields from your front hull zone to reduce the total damage by that amount.

4

Clone Gunners

Clone only.

⊛: You may discard 1 ⊛ token assigned to another friendly ship at distance 1-5 of the defender. If you do, add 1 blue die set to the ♻ icon to your attack pool.

4

Clone Navigation Officer

When you reveal a ⊛, ◔, or ⓗ command, you may exhaust this card to choose a friendly ship at distance 1-5. That ship may gain 1 command token matching your command.

You can spend tokens from this card to ready it.

1

1

4

Ordnance Pods

Medium or large ship only.

At the end of your Attack step, you may exhaust this card and choose 1 of your hull zones. Then, perform an attack from that hull zone with an anti-squadron armament of 1 black die, even if you have already attacked from that zone this round.

3

Heavy Fire Zone

While attacking a squadron, before you gather dice, if the defender is not engaged with a friendly squadron, you may replace all of the blue dice in your anti-squadron armament with red dice.
